Newspaper Tributes.

On the demise of the late Henry Clay Payne, a concern in New York gathered from the papers published throughout the United States 4,685 newspaper stories of the life and career of the de-

These items were carefully . mounted on Irish linen leaves and bound in six volumes, 400 pages to the book. A cover of genuine seal was appropriately lettered in gold and the entire material, representing the work of many people for several months, has just been delivered to Mrs. Payne at Milwaukee.

Mr. Burrelle, who makes a specialty of this unique method of preserving family history, also compiled four volumes containing the letters, telegrams and cards of condolence received by the family, all constituting a family heirloom that will be handed down to future gene-

rations. This work is one of the several developments of the press clipping industry, and Mr. Burrelle has made a spe-cial study of the work he created several years ago.
